

Educational Foundation

The Educational Foundation is a Michigan nonprofit (501c3) organization whose purpose is to raise monies to benefit the students of Bishop Baraga School through donations to the school's scholarship fund. At present, the Foundation has approximately \$160,000 under management, invested primarily in Certificates of Deposit (CDs). Since its creation in 1994, the Educational Foundation has used income from these investments to provide a little over \$28,000 to the school's scholarship fund. The Foundation is independent of the school's operation and has its own Board of Trustees which oversees its operation.

If you would like to become involved in the Foundation or are willing to help prepare our quarterly mailings, we would welcome your help. For more information, contact the school office.
