

## **Home and School Association**

Bishop Baraga Home and School Association is a group of parents and teachers who work together to provide support to the staff, students and families of Bishop Baraga School.

An annual St. Patrick's Day party provides funds to provide many "extras" at school, including classroom supplies, field trips, programs, extracurricular materials, Catholic Schools Week activities and more. The party is hosted by the Home and School Association with immeasurable help from school families and friends from our parish. The party usually includes raffles, auctions, a bake sale and other activities to ensure a rousing good time is had by all.

Home and School also coordinates other activities at school to support the staff, students, and families, including the new family mentoring program, social events and a teacher appreciation luncheon.

Home and School has a group on Facebook. Please join to get updates about meetings and other helpful information.

Visitors are ALWAYS welcome at Home and School meetings, especially beginning in January when the work for the party really gets started.
