

Ski Club

We are lucky to live in beautiful Northern Michigan, and the ski club gives students an opportunity to get out and enjoy the snow! Students from K-7 join the public middle school for ski trips to Nub's Nob on Friday nights during the ski season. The program is run by the public school with Jill Kwiatkowski as Baraga's chaperone. Transportation, lift ticket and equipment rental costs are associated with this program. Please note: This program is considered a privilege. Students must demonstrate good behavior in school in order to be eligible to participate.
