

Cooking Club

If you are walking through the halls after school and smell something delicious, it may just be Ms. Kayte and Ms. Brenda and their Cooking Club hard at work. This group of students meet once a month from October through May to work on building skills in the kitchen. Each meeting features one recipe that the students prepare, cook and, of course, sample! The club focuses on letting kids work independently in the kitchen and provides opportunities to practice the math, measuring and planning that every recipe requires. If you are looking for a delicious after-school activity – come join us!

Who: Students in grades 4 - 7

When: Whatever day is set and works the best

Where: Students meet in the gym, outside of the school kitchen

Fee: There is a \$4.00 fee for each meeting (to cover the cost of ingredients).

Contact: Ms.Kayte
