## If Not...Let's Talk!

Bishop Baraga Kindergarten provides children with the opportunity to learn and practice the essential social, emotional, problem solving and study skills that they will use throughout their schooling. Our kindergarten programs offers students:

- A combination of formal (teacher-initiated) and informal (child-initiated) activities
- Ability to learn about (and from) the world, organize information, and solve problems
- Center based education with individualized learning that meets the needs of your child
- A fostering environment that nurtures the love of books, reading and writing
- The development of self esteem, cooperation and directed curiosity that creates a love for learning

Bishop Baraga Kindergarten offers small class sizes, a safe environment for student learning, and exceptional teacher to student ratios that make for the perfect academic setting for your child.
